CONTRACTOR REMINDER

Receipt of bids is required prior to 11:00 a.m. in the Office of Board of Acquisition and Contract, Room 104 of the Michaelian Office Building, 148 Martine Avenue, White Plains, New York.

Please be advised that sufficient time must be allowed by the Contractor to pass through the security post. It is the Contractor's responsibility to submit their bids prior to 11:00 a.m. There are **NO** exceptions to this requirement.

IN BRIEF

MINORITY PARTICIPATION POLICY

Contractors must comply with the County's Minority Participation Policy, including, but not limited to, the requirement that contractors make a demonstrated good faith effort to utilize Minority Owned Businesses ("MOB") and Women Owned Businesses ("WOB"). To assist contractors in this effort the County has made available a list of MOB and WOB at www.westchestergov.com/mwob. Contractors are also encouraged to utilize other sources to identify potential MOB and WOB as subcontractors and suppliers.

All bidders must submit as part of their bid package the Minority/Women Owned Business Enterprise Questionnaire.

The Contractor further agrees to include the above provision in any sub-contract made to a contract with the County of Westchester.

A bidder's failure to comply with the provisions of the Minority Participation Policy as set forth in the bid documents may result in a determination not to award the contract to that bidder.

REMINDER

In our continuing effort to keep **WESTWORKS** as the most beneficial publication for Public Works' construction activities, issues are now available on the County of Westchester's Internet Site. Visit us at:

ATTENTION CONSTRUCTION WORKERS

If you are working on a public construction site, New York Law states that your employer **MUST PAY YOU** the appropriate prevailing wage.

"WAGES MUST BE BASED ON THE WORK YOU DO,
NOT YOUR JOB TITLE"

Your employer can not classify you as an apprentice and pay you lower wages if you have not signed a bonafide apprenticeship agreement with the State of New York, or have been registered with a State approved plan.

*Prevailing wage rates should be posted on the job site.
If not, it is a violation of the law.*

-ATTENTION BIDDERS- SPECIAL NOTICES

Effective **April 7, 2008**, Executive Order 1-2008 will require all contractors, subcontractors, and all individuals who will perform work or services for the County, or be on County property under their contract with the County, to complete **Criminal Background Disclosure** forms. The contractor shall have a **continuing obligation** to maintain the accuracy of the disclosure forms for the duration of their contract, and shall provide any updates to the information as necessary to comply with the Executive Order.

CHANGES IN THE WICKS LAW

Effective **July 1, 2008**, construction contracts of one million five hundred thousand dollars or less will not require the preparation of separate contracts for plumbing and gas fitting; steam heating, hot water heating, ventilation and air conditioning apparatus; and electric wiring and standard illuminating fixtures. Each bidder on a public work contract, where the preparation of separate contracts is not required, shall submit with its bid a separate sealed list that names each subcontractor that the bidder will use to perform work on the contract, and the agreed upon amount to be paid to each for: (a) plumbing and gas fitting; (b) steam heating, hot water heating, ventilation and air conditioning apparatus; and (c) electric wiring and standard illuminating fixtures. After the low bid is announced, the sealed list of subcontractors submitted with the bid shall be opened and the names of such subcontractors shall be announced. Thereafter, any changes of subcontractors or agreed-upon amount to be paid to each shall require the approval of the County upon a showing of legitimate construction need for such change.

The sealed lists of subcontractors submitted by all other bidders shall be returned to them unopened after the contract award.

NEW LEGISLATION

Effective July 18, 2008

OSHA 10-hour Construction Safety and Health Course – S1537-A

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

Rules and regulations will be promulgated and posted on the NYSDOL website www.labor.state.ny.us when finalized.

Westchester County began to utilize an "**Electronic-Procurement System**" for County contracts which are competitively bid.

This system will allow vendors to access a website, managed by **BidNet**, to select County contracts they wish to bid on and to download bid documents and/or specifications. The system is designed to reduce the use of paper, to increase the efficiency of the County's administrative processes, and to make the bidding process more convenient for all potential bidders.

ADDENDA TO THE BID DOCUMENTS

Addenda to the Bid Documents will be published on the Hudson Valley Municipal Purchasing Group website at (<http://www.HudsonValleyBidSystem.com>) listed under Westchester County-Public Works.

It is the responsibility of each potential bidder to check the website on a regular basis for further information relative to the bid documents including information relating to any and all addenda prior to submitting its bid. All Bidders are deemed to have reviewed and considered all addendums in their Bid.

VENDOR DIRECT PAYMENT PROGRAM

The County has initiated an electronic funds transfer program known as Vendor Direct in lieu of issuing checks for goods and services. Under this program, all payments earned by the successful bidder under this contract will be sent by electronic funds transfer (EFT) via Automated Clearing House (ACH) and **automatically credited to your designated bank account** at your financial institution. The Vendor Direct program is an efficient and cost effective mechanism for making/receiving payments and for increasing payment security. In addition, funds are credited and immediately available to the recipient on the effective payment date without the need for making a manual deposit at the bank.

COMPLIANCE WITH NEW WORKERS' COMPENSATION LAW DIRECTIVES

Form WC/DB-100, which is currently used to demonstrate exemption from workers' compensation and/or disability benefits insurance, will be retired on December 1, 2008. Historically these exemption forms were valid for multiple permits, licenses or contracts where the applicant applied, had to be notarized and had to be stamped by the New York State Workers' Compensation Board. Effective December 1, 2008, this process will change. Form CE-200 reflects a new process for granting exemptions. Exemptions will no longer be valid for multiple permits, licenses or contracts for which the applicant applied. Further, exemptions no longer have to be notarized, nor do they have to be stamped by the NYS Workers' Compensation Board. (Government agencies may continue to use insurance and self-insurance certificates for multiple permits, licenses or contracts issued to a specific legal entity during the coverage period listed on insurance/self-insurance related certificates). As of December 1, 2008, only applicants eligible for exemptions must file a new CE-200 for each and every new or renewed permit, license or contract issued by a government agency. Each CE-200 will specifically list the

issuing government agency and the specific type of permit, license or contract requested by the applicant. Please ensure that the CE-200 is signed and dated by the applicant.

An instruction manual that will further clarify the requirements is available to download at the Workers' Compensation Board website, www.wcb.state.ny.us. Once you are on the website, click on *Employers/Businesses*, then *Business Permits/Licenses/Contracts*; from there, click on *Instruction Manual for Businesses Obtaining Permits/Licenses/Contracts*.

Please note that ACORD forms are not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.
